AOP Ventoux rouge

As a family, the “Albessard – Aubert” went to the beautiful Ventoux region, given a technical boost by Vanessa, an oenologist with a long experience as a winemaker.

Wine growers in Saint-Emilion, passionate about wine, Vanessa & Eddy have created in partnership with local producer friends, their tailor-made red Ventoux.

A wine reflecting its terroir, at an excellent value for money, ideal companion for any occasion.

Nestled at an altitude of more than 400 meters, the vines take their roots in stony, clay-limestone soil in small plots of steep hillsides in terraces. They enjoy cool nights and sunny days, perfect to obtain ripe grapes and naturally well balanced.

Cepages :

70% Syrah, 20% Grenache, 10 % Marselan

Tasting note :

Selected for its aromas that express the generosity and complexity of its terroir, this wine reveals a beautiful dark colour and an intense nose, on black fruits, ripe, blackcurrant.

Nice concentration in the mouth, the tannins remain supple and silky with a fresh finish while delicacy accompanied by sweet aromas of red fruits.
